Product Code: BWW SF-JAR
Size: 3Q JAR
Per Pallet: 288
Per Carton: 6
Absorbs: +/- 2 QUARTS

Product Code: BWW SF-7
Size: 0.6ft³ (7lbs*) BAG
Per Pallet: 124
*Net when packed. May vary with humidity
Absorbs: +/- 2.1 GALLONS

Product Code: BWW SF-20
Size: 2.0ft³ (20lbs*) BAG
Per Pallet: 48
*Net when packed. May vary with humidity
Absorbs: +/- 7 GALLONS

Product Code: SF-5BOOM
Size: 5ft BOOM
Per Pallet: 192
Per Carton: 4
Absorbs: +/- 1.5 GALLONS

Product Code: SF-10BOOM
Size: 10ft BOOM
Per Pallet: 96
Per Carton: 2
Absorbs: +/- 3 GALLONS

Nonfood Compounds

Less Cost, Less Waste, Less Risk

Traditional "kitty litter" users can reduce 4 heavy 40lb bags of slow-acting adsorbent

to just one lightweight 20lb bag of fast-acting re-usable SpillFix.

Traditional "kitty litter" is made from an unsustainable mined material that creates a large amount of hazardous waste and produces dangerous carcinogenic dust.

SpillFix is safe for you and the environment – even after it reaches your local landfill.

traditional "kitty litter" weighing about 6800lb, you can use one pallet of SpillFix, which weighs 960lb.

Using SpillFix will save you money on transport and warehousing. Instead of four pallets of

SpillFix is made from a sustainable coconut byproduct. It's a safe and environmentally responsible solution to almost any spill. It complies with all ergonomic and OSHA regulations and is non-abrasive, dust-free and cleans to a slick-free surface.

SpillFix absorbs immediately, making cleaning up quick and easy.

The less time a spill hazard is on the ground, the safer it is for you and your employees.

SpillFix can be used again and again until it's saturated.

This can reduce waste by 66% in weight and 75% in volume, saving you waste disposal costs.

If you're looking for an absorbent that can do a better job, will save you time and money, and is safe for you and the environment, then visit our website www.spillfix.com to find out more and request a demonstration.
